

# Hanson - On The Rocks

Tom: C

[Intro:] C Em F

C Em  
Early in the morning  
F C Em F C  
I am reminded how few things change  
Em F  
We've been through it  
C F G C  
Every time it's the same old phrase  
Em  
Never should have said it  
F C F G  
But you should know what I meant to say  
F C  
So we're back on the rocks  
Dm C G F  
Been here before will it ever stop?  
C Bb F  
I've tried to change, we're gonna fight  
G  
So we can make it right  
Livin' in the moment  
We fight the fog of the every day  
Monday morning in  
20/20 it seem so clear

Even though I see it  
We give into weakness and wind up here

Solo: F G F G

F G  
I'm not giving up  
F Bb G  
I'm not giving up  
C Em  
If I'm given a reason  
F C Em F  
Then I'd stop believing and just move on  
C Em F  
I can't move on  
C Em F C Em F  
I like it on the rocks  
Em F  
I'll take it on the rocks  
C Em F  
So we can make it right  
C Em F  
So we can make it right  
C Em F  
So we can make it right  
C  
So we can make it right

## Acordes
