[Intro:] C Em F

C Em
 Early in the morning
 F C Em F C
 I am reminded how few things change

 We've been through it
 C F G C
 Every time it's the same old phrase

 Never should have said it
 F C F G
 But you should know what I meant to say
 F C
 So we're back on the rocks
 Dm C G F
 Been here before will it ever stop?
 C Bb F
 I've tried to change, we're gonna fight
 G
 So we can make it right
 Livin' in the moment
 We fight the fog of the every day
 Monday morning in
 20/20 it seem so clear

Even though I see it
 We give into weakness and wind up here

Solo: F G F G

F G
 I'm not giving up
 F Bb G
 I'm not giving up
 C Em
 If I'm given a reason
 F C Em F
 Then I'd stop believing and just move on
 C Em F
 I can't move on
 C Em F C Em F
 I like it on the rocks
 Em F
 I'll take it on the rocks
 C Em F
 So we can make it right
 C Em F
 So we can make it right

 So we can make it right

 So we can make it right
