

# Hanson - On The Rocks

Tom: C

[Intro:] C Em F

C Em  
 Early in the morning  
 F C Em F C  
 I am reminded how few things change  
 Em F  
 We've been through it  
 C F G C  
 Every time it's the same old phrase  
 Em  
 Never should have said it  
 F C F G  
 But you should know what I meant to say  
 F C  
 So we're back on the rocks  
 Dm C G F  
 Been here before will it ever stop?  
 C Bb F  
 I've tried to change, we're gonna fight  
 G  
 So we can make it right  
 Livin' in the moment  
 We fight the fog of the every day  
 Monday morning in  
 20/20 it seem so clear

Even though I see it  
 We give into weakness and wind up here

Solo: F G F G

F G  
 I'm not giving up  
 F Bb G  
 I'm not giving up  
 C Em  
 If I'm given a reason  
 F C Em F  
 Then I'd stop believing and just move on  
 C Em F  
 I can't move on  
 C Em F C Em F  
 I like it on the rocks  
 Em F  
 I'll take it on the rocks  
 C Em F  
 So we can make it right  
 C Em F  
 So we can make it right  
 C Em F  
 So we can make it right  
 C Em F  
 So we can make it right

## Acordes
