Early in the morning
F C Em F C
I am reminded how few things change

We've been through it
C F G C
Every time it's the same old phrase

Never should have said it
F C F G
But you should know what I meant to say
F C
So we're back on the rocks
Dm C G F
Been here before will it ever stop?
C Bb F
I've tried to change, we're gonna fight
G
So we can make it right
Livin' in the moment
We fight the fog of the every day
Monday morning in
20/20 it seem so clear

Even though I see it
We give into weakness and wind up here

Solo: F G F G

F G
I'm not giving up
F Bb G
I'm not giving up
C Em
If I'm given a reason
F C Em F
Then I'd stop believing and just move on
C Em F
I can't move on
C Em F C Em F
I like it on the rocks
Em F
I'll take it on the rocks
C Em F
So we can make it right

So we can make it right
