

# Hanson - One More

Tom: **D**

I. Hanson / T. Hanson / Z. Hanson

[Intro:] **D A Bm G**

**D** **A** **Bm**  
I sit here by myself  
**G** **D**  
Just staring into space  
**A** **Bm**  
I thought I knew you well  
**G** **D**  
But who can ever say  
**Em**  
It seems I spent so long  
**Gbm** **G**  
I can't define my right from wrong  
**A** **D**  
One more for the night and  
**Bm** **G**  
One more for the pain and  
**A** **D**  
One more long goodbye

**Bm** **G**  
One shot to the brain and  
**A** **D**  
One more taste of nothing  
**Bm** **F**  
One more takes the blame  
**G**  
Who do I blame?  
I dream of better days  
That's long gone by the ways  
Is there a better place  
But who can ever say  
It seems I spent so long  
I can't define my right from wrong  
**D** **A**  
Cause nothing's over till it's over  
**Bm** **G**  
And if it's over, I don't want to hear it  
**D** **A**  
"Look into my eyes,? I told her  
**Bm** **G**  
"Holding onto what is gone won't heal it?"
