

# Hanson - One More

Tom: D

I. Hanson / T. Hanson / Z. Hanson

[Intro:] D A Bm G

D A Bm  
I sit here by myself  
G D  
Just staring into space  
A Bm  
I thought I knew you well  
G D  
But who can ever say  
Em  
It seems I spent so long  
Gbm G  
I can't define my right from wrong  
A D  
One more for the night and  
Bm G  
One more for the pain and  
A D  
One more long goodbye

Bm G  
One shot to the brain and  
A D  
One more taste of nothing  
Bm F  
One more takes the blame  
G  
Who do I blame?  
I dream of better days  
That's long gone by the ways  
Is there a better place  
But who can ever say  
It seems I spent so long  
I can't define my right from wrong  
D A  
Cause nothing's over till it's over  
Bm G  
And if it's over, I don't want to hear it  
D A  
"Look into my eyes,? I told her  
Bm G  
"Holding onto what is gone won't heal it?"
