

Hanson - One More

Tom: D

I. Hanson / T. Hanson / Z. Hanson

[Intro:] D A Bm G

D A Bm
I sit here by myself
G D
Just staring into space
A Bm
I thought I knew you well
G D
But who can ever say
Em
It seems I spent so long
Gbm G
I can't define my right from wrong
A D
One more for the night and
Bm G
One more for the pain and
A D
One more long goodbye

Bm G
One shot to the brain and
A D
One more taste of nothing
Bm F
One more takes the blame
G
Who do I blame?
I dream of better days
That's long gone by the ways
Is there a better place
But who can ever say
It seems I spent so long
I can't define my right from wrong
D A
Cause nothing's over till it's over
Bm G
And if it's over, I don't want to hear it
D A
"Look into my eyes,? I told her
Bm G
"Holding onto what is gone won't heal it?"
