

Hanson - One More

Tom: **D**

I. Hanson / T. Hanson / Z. Hanson

[Intro:] **D A Bm G**

D **A** **Bm**
 I sit here by myself
G **D**
 Just staring into space
A **Bm**
 I thought I knew you well
G **D**
 But who can ever say
Em
 It seems I spent so long
Gbm **G**
 I can't define my right from wrong

A **D**
 One more for the night and
Bm **G**
 One more for the pain and
A **D**
 One more long goodbye

Bm **G**
 One shot to the brain and
A **D**
 One more taste of nothing
Bm **F**
 One more takes the blame
G
 Who do I blame?

 I dream of better days
 That's long gone by the ways
 Is there a better place
 But who can ever say
 It seems I spent so long
 I can't define my right from wrong

D **A**
 Cause nothing's over till it's over
Bm **G**
 And if it's over, I don't want to hear it
D **A**
 "Look into my eyes,? I told her
Bm **G**
 "Holding onto what is gone won't heal it?"
