

Hanson - Underneath

Tom: G

Wakin' up this morning thinking this can't be real
 But they say there is nothing love can't heal
 Why don't you come on down so you can feel what I feel?
 Sittin' all alone in this place, even though we're here
 face-to-face
 There is nothing gone, but there's something wrong
 Can't you see that I'm stuck here underneath
 and you're makin' it hard to breathe?
 Take a look around and tell me what you see
 You'll find me...underneath...
 ...underneath...
 I know what to say but don't know where to begin
 The fear of losing you beneath my skin

Is there resolution for this pain that I'm in?

Sittin' all alone in this place, even though we're here
 face-to-face
 There is nothing gone, but there's something wrong

Can't you see that I'm stuck here underneath
 and you're making it hard to breathe?
 Take a look around and tell me what you see
 You'll find me...underneath

'Cause, girl, you'll find me, oh-whoa
 Underneath

If only you could feel what I dream, maybe you could hear
 what I mean
 There is nothing gone, but there's something missing
