```
Tom: G
Take your time and try to do what's right
But quit wasting mine
Cause baby all that i can do is try
You' change your mind again and I
          Am Em
Lada ladadada ladada
          Am Em
Lada ladadada ladada (you change your mind again and I)
          Am Em
Lada ladadada ladada
          Am Em
Lada ladadada
                    Am
Keep coming back and I'm undone
Now you're walking out the door
                       Am
I've lost more times than I have won
Your words have all been said before
And I've tried cause I don't mind the fight
When head and heart collide
All that I can do is step aside
You change your mind again and I
          Am Em
Lada ladadada ladada
