

Hardwell - Echo (feat. Jonathan Mendelsohn)

tom:
 Capotraste na 1ª casa ^{Ab} (forma dos acordes no tom de ^G)

^{Em} Dreaming with no sound ^{Bm}
^D Silence screams so loud
^A Trying to break through, anyway, to you
^{Em} ^{Bm} Tears fall like rain
^D And I can see your pain

^{Em} For your love
^{Bm} I'd take the sun from the sky
^D I'd steal the moon from the night
^A And I will never let go

^{Em} For your love
^{Bm} I will climb any mountain
^D Stand at the top shouting out and
^A You'll hear my love pouring down

^{Em} Like an echo

^{Em} ^{Bm} The world is frozen now
^D Leaves all on the ground

^A And know, it feels the sun will never return
^{Em} ^{Bm} But up here in the sky
^D On this mountain high
^A Above the clouds the light still shines
^{Em} For your love
^{Bm} I'd take the sun from the sky
^D I'd steal the moon from the night
^A And I will never let go

^{Em} For your love
^{Bm} I will climb any mountain
^D Stand at the top shouting out and
^A You'll hear my love pouring down

^{Em} Like an echo-o-o
^{Bm} You're my echo-o-o
^D I'll might love it with my lo-o-o
^A From my echo
^{Em} Like an echo-o-o
^{Bm} You're my echo-o-o
^D I'll might love it with my lo-o-o
^A From my echo
