

Harrison Boe - Teenage Fbi

tom:

[Primeira Parte]

A I'm so embarrassed by myself from three years ago
 B Which makes me wonder if three years from now
 A I'll be embarrassed of all the things I was today
 B I'm losing sleep over when, why, and how
 A I seem to be stuck between trying to grow up
 B And wishing I could be seventeen
 A If I'm so embarrassed by feeling so young
 B Why can't I pick up the phone?
 Dbm When it rings

[Refrão]

A And the Teenage FBI keeps callin'
 B They've been outside since they figured out that I'm still stallin'
 A I'm losing everything, so might as well go all in
 Dbm Grab the cash
 B And hit the pedal
 Dbm Yeah, get out fast
 B And I'll be a rebel
 A E With you
 B Dbm Oh, with you
 A E Yeah, with you
 B Dbm Yes, with you

[Segunda Parte]

A Brother, I don't mean to get too philosophical but
 B Th? ship of Theseus is stressin' me out
 A I'm worried I replaced all the pieces you used to be in
 B It's like I might have let your younger version down
 A I'm reachin' the age where nostalgia is dangerous
 B And brother, we're both runnin' out of time
 A Since when was it a crime to wish we were
 B Still playin' video games made in 2005?

 A Haven't been caught yet
