

Harry Styles - Him

tom:

Intro: Em G Em G

[Primeira Parte]

So you were right
 There's always two
 The one who stays
 And the one who's leaving you
 Hear me out, my apologies
 'Cause I'm not here for sympathy

[Refrão]

'Cause I don't wanna hear about him
 How he's holding you better at night
 And I don't wanna hear about him
 In these songs you continue to write
 I was with you when you wrote that line
 It was me that you had on your mind
 So I don't wanna hear about him

[Segunda Parte]

That nice dress in my wildest dreams
 The lipstick stains you left still on my sheets
 When I hear 'amazing eyes?
 It breaks my heart everytime

[Refrão]

'Cause I don't wanna hear about him
 How he's holding you better at night

And I don't wanna hear about him
 In these songs you continue to write
 I was with you when you wrote that line
 It was me that you had on your mind
 So I don't wanna hear about him

[Ponte]

Do you know what it's like
 To fall in love from the outside?
 And I don't know
 But I've been trying
 For you, for me
 Now I know what it's like
 To fall in love from the outside

Ah

[Refrão]

'Cause I don't wanna hear about him
 How he's holding you better at night
 And I don't wanna hear about him
 In these songs you continue to write
 I was with you when you wrote that line
 It was me that you had on your mind
 So I don't wanna hear about him

(Em)

Is he holding you better at night?
 Is it me running into your mind?
 I still think about you all the time
