

Harry Styles - Little Freak

tom:
 G
 Little freak, you Jezebel D Bm
 You sit high atop of the kitchen counter A G A
 Stay green a little while D Bm
 You bring blue lights to dreams A G A
 Starry haze, crystal ball D Bm
 Somehow you've become some paranoia A G A
 A wet dream, just dangling D Bm
 But your gift is wasted on me A
 I was thinking about who you are G D
 Your delicate point of view G
 I was thinking about you Bm A
 I'm not worried about where you are G D
 Or who you'll go home to A G
 I'm just thinking about you D Bm A
 Just thinking about you G A D Bm A G A
 Did you dress up for Halloween? D Bm
 I spilled beer on your friend, I'm not sorry A G A
 A golf swing and a trampoline D Bm
 Maybe we'll do this again A G A
 Tracksuit and a ponytail D Bm
 You hide the body all that yoga gave you A G A

D Bm
 Red wine and a ginger ale
 A
 But you would make fun of me for sure
 G D
 I was thinking about who you are
 Your delicate point of view G
 I was thinking about you Bm A
 G D
 I'm not worried about where you are
 Or who you'll go home to G
 I'm just thinking about you D Bm A G A
 D Bm
 I disrespected you
 A
 I jumped in feet first
 G A
 And I landed too hard
 D Bm
 A broken ankle, karma rules
 A
 You never saw my birthmark
 G D
 I was thinking about who you are
 A G
 Your delicate point of view
 I was thinking about you Bm A
 G D
 I'm not worried about where you are
 A G
 Or who you'll go home to D Bm A
 I'm just thinking about you D Bm A G
 Just thinking about you G A D Bm A G A D
 Just thinking about you G A D Bm A G A D
