

Hawk Nelson - From Underneath

Tom: **B**

This tab will be kinda tough in transitions for some of you guitarists out there. I've played this to the song and it sounds about 98%. So if you think that it doesn't sound right I'm sure you just haven't got it yet, gimme some feedback! Good Luck and Never stop playing!
 P.S : Yes I own a Taylor!!!
 Intro: (Clean)or(Acoustic)
