

Hayley Williams - Just a Lover

tom:

C

Intro: G

Love is not a friend, it's not a brother

Love is not

Love is turning into many others and I guess I'm just

Just a lover

[Primneira Parte]

Once upon a time, when we were school kids

Make CDs and carpool kiss

No little cameras witness

Really hope we don't wreck this

When you coming over?

Em F
Just a lover

[Segunda Parte]

Space and time waking hours before I open my eyes

In the morning I feel my heart crack open, one last chorus

Space and time waking hours before I open my eyes

In the morning I feel my heart crack open, one last chorus

I'll be singing into empty glasses

No more music for the masses

One more hour, one more ugly sip

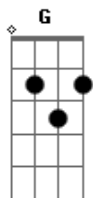

One cry, I know exactly what this is

Or whatever it was, or whatever it was
