

# Head Cleaner - Liquorice Allsort Girl

Intro: Am C Em  
Am C Em

You are a light which is strong enough  
To find me, blind me  
I wish I was strong enough  
To see it before you were gone  
To see it while the light was on  
Nobody gets me quite like you  
Resonating minds becoming true

My liquorice allsort girl  
You are the light which will guide me  
My liquorice allsort girl  
You get me in fits of hysterics

Tom:

Haven't you heard?  
Somebody's listening  
To what has become  
Of our bodies shimmering  
Under the sheets  
So naturally beautiful  
I can't believe  
What I made excuses for

Now we're standing on the sides of the  
Shadows of the songs we shared  
All the images we saved  
Are just memories of what we were
