

Heffron Drive - Everything Has Changed

Tom: E

Everything^E has changed since I met you^B

My heart was broken^A

Hope was overdue^E

Running empty^B

Running out of time^A

Thought I lost my mind^E

But everything has changed since I met you^B

Nothing is the same since I met you^A

My heart sometimes is easy to get due^B

With shadows of the past disturb my night^A

Make them run and hide^B

Cause nothing is the same since I met you^A

Here and now^B

Just hear me out^A

Through fear and doubt^E

I'd never let you down^B

I'd never let you down^E

Everything has changed since I kissed you^B

I never thought the love could be this true^A

When I thought that feeling couldn't last^B

You went and kissed me back^A

Cause everything has changed since I kissed you^B

Here and now^A

Just hear me out^E

Through fear and doubt^B

I'd never let you down^A

I'd never let you down^E

Here and now^B

Just hear me out^A

Through fear and doubt^E

I'd never let you down^B

I'd never let you down^E

Everything has changed since I met you^B

And I hoped that I have changed your whole world too^A

Here and now^B

Just hear me out^A

Through fear and doubt^E

I'd never let you down^B

I'd never let you down^E

Here and now^B

Just hear me out^A

Through fear and doubt^E

I'd never let you down^B

I'd never let you down^E

Everything has changed since I met you^B

And I hoped that I have changed your whole world too^A
