

# Heffron Drive - Not Alone

Tom: C

C  
Lax to charles the gaulle  
It's another airplane, another show  
F  
I can go days, no sleep at all  
Cause living on edge and sleeping  
Am  
On my own, own, own  
F  
Is getting really old, old, old  
C  
The city skyline view from here  
Is not the same thing without you near  
F  
Click your pretty heels and just appear  
Am  
Ruby red lips and arms that I can hold, hold, hold  
F  
And never let you go, go, go

C  
Everything I know  
F  
Is everything you told me  
Am  
You keep me afloat  
F  
When I'm miles away from home

C  
In a crowded room with faces  
F  
They don't know me  
Am  
I can think of you and I know  
F  
I'm not alone  
I know I'm not alone

C  
Are you on the beach in california?  
In a two-piece, sipping drinks  
F  
Or are you sitting back home in our favourite chair?  
Am  
All I think about is sitting there with you, you, you  
F  
Is all that I can do, do, do

C  
There's about a billion people  
In the space between us  
But you're the only one that I wanna be with  
F  
It's taking all of me that I can spare  
It's breaking everything inside  
Am  
I swear it's true, true, true  
F  
I only think of you, you, you

C

Everything I know  
F  
Is everything you told me  
Am  
You keep me afloat  
F  
When I'm miles away from home  
C  
In a crowded room with faces  
F  
They don't know me  
Am  
I can think of you and I know  
F  
I'm not alone  
I know I'm not alone

( C F Am F )

C  
I cant breathe without you  
F  
I cant sleep without you by my side everynight  
C  
I cant eat without you  
F  
I cant dream without you by my side everynight

C  
Everything I know  
F  
Is everything you told me  
Am  
You keep me afloat  
F  
When I'm miles away from home

C  
In a crowded room with faces  
F  
They don't know me  
Am  
I can think of you and I know  
F  
I'm not alone  
I know I'm not alone

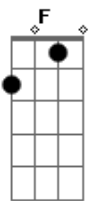

C  
Everything I know  
F  
Is everything you told me  
Am  
You keep me afloat  
F  
When I'm miles away from home

C  
In a crowded room with faces  
F  
They don't know me  
Am  
I can think of you and I know  
F  
I'm not alone  
C  
I know I'm not alone
