

# Heffron Drive - Parallel

tom:  
 Eb (forma dos acordes no tom de C)  
 Capostrate na 3ª casa

Counting stars, laying in the grass  
 Side by side, your head on my shoulder  
 We talk a lot about nothing much  
 With every breath, we're getting closer  
 Parallel in this universe  
 Do we light up our hearts just to watch 'em burn?  
 Parallel, are we crossing lines?

'Cause maybe tonight  
 The stars align  
 The stars align  
 What if the one who was meant for you,  
 Was all along right in front of you?  
 Just didn't see it, it was there all the time  
 Can you feel it tonight, yeah

The stars align  
 The stars align

I take the thoughts out of your mind  
 And put the pieces into a puzzle  
 Everything I wanna say about you  
 Is more than enough to write a novel

Parallel in this universe

## Acordes

Do we light up our hearts just to watch 'em burn?  
 Parallel, are we crossing lines?

'Cause maybe tonight  
 The stars align  
 The stars align

What if the one who was meant for you  
 Was all along right in front of you?  
 Just didn't see it, it was there all the time  
 Got a feeling tonight, yeah  
 The stars align

I'd throw a rope around the moon  
 And pull it close  
 Whatever it takes to be with you  
 Maybe tonight

Maybe tonight the stars align  
 The stars align

What if the one who was meant for you,  
 Was all along right in front of you?  
 Just didn't see it, it was there all the time  
 Got a feeling tonight, yeah

The stars align  
 The stars align
