

Heffron Drive - Parallel

tom:
 Eb (forma dos acordes no tom de C)
 Capostrate na 3ª casa

Counting stars, laying in the grass
 Side by side, your head on my shoulder
 We talk a lot about nothing much
 With every breath, we're getting closer
 Parallel in this universe
 Do we light up our hearts just to watch 'em burn?
 Parallel, are we crossing lines?

'Cause maybe tonight
 The stars align
 The stars align
 What if the one who was meant for you,
 Was all along right in front of you?
 Just didn't see it, it was there all the time
 Can you feel it tonight, yeah

The stars align
 The stars align

I take the thoughts out of your mind
 And put the pieces into a puzzle
 Everything I wanna say about you
 Is more than enough to write a novel

Parallel in this universe

Acordes

Do we light up our hearts just to watch 'em burn?
 Parallel, are we crossing lines?

'Cause maybe tonight
 The stars align
 The stars align

What if the one who was meant for you
 Was all along right in front of you?
 Just didn't see it, it was there all the time
 Got a feeling tonight, yeah
 The stars align

I'd throw a rope around the moon
 And pull it close
 Whatever it takes to be with you
 Maybe tonight

Maybe tonight the stars align
 The stars align

What if the one who was meant for you,
 Was all along right in front of you?
 Just didn't see it, it was there all the time
 Got a feeling tonight, yeah

The stars align
 The stars align
 The stars align
