

# Heffron Drive - Passing Time

Tom: Bb  
Intro: Gm Cm7 Bb F

You took my heart-shaped hourglass  
And turned it over, over  
The further that I'm falling back,  
You bring me closer, closer

Cause I lost my way inside the truth,  
Watching moments slipping through  
My hands kept getting emptier each day  
You lit the match, shook me awake  
The fire grew, you fanned the flames  
It burned until the walls let in the light,

We're all passing time,  
Looking for the rush that makes us feel alive  
Living through the moments  
Trapped inside a lie  
I need you here tonight  
Show me there's more to life  
And we're not passing time

Cm7 Bb F

You took the armor on my chest  
And tore it open, open  
You saw my heart inside the mess  
Said it's not broken, broken

Cause I lost my way inside the truth,  
Watching moments slipping through  
My hands kept getting emptier each day  
You lit the match, shook me awake  
The fire grew, you fanned the flames  
It burned until the walls let in the light

We're all passing time  
Looking for the rush that makes us feel alive  
Living through the moments  
Trapped inside a lie  
I need you here tonight  
Show me there's more to life  
And we're not passing time

Ohh Uohh ohh (4x)  
Ohh Uohh ohh (4x)  
Ohhh ohhh ohhh ohhh ohhh ohhh (4x)  
Ohh Uohh ohh (4x)

We're all passing time  
Looking for the rush that makes us feel alive  
Living through the moments  
Trapped inside a lie  
I need you here tonight  
Show me there's more to life  
And we're not passing time
