

Heitor Vallim - Castle, Stones And Bones

Tom: Db

(com acordes na forma de C)

Capostrate na 1ª casa

Aged stones built the castle that faded and gone
 Older bones are the grout of our home
 And you will haven't been afraid to be alone
 And we will travel to a place that was close
 Insisting, screaming and bleeding the humanity denies
 The smile of the nature is major to make us feel alive
 And I walk into the sea to carry on
 And I'm gonna find my way back to home

And we think, talking about what cannot be
 And we see, just be what you are
 And I walk into the sea to carry on
 I'm gonna find my way back to home

(C F)

And I walk into the sea to carry on
 And I'm lost and I know that I'll go
 And I walk into the sea to carry on
 I'm gonna find my way back to home
