

Helene Fischer - Goodbye My Love

Tom: **D**
Intro: **Bm Gb7**

Bm **Em**
You turn and walk away

A7 **D**
The wind is cold, so cold today

Em
But I know that you'll return

Bm
It's one thing that I've learned

Em **Gb**
To listen to my heart when it believes

Bm **Em**
The night is endless now

A7 **D**
But I'll be strong, you showed me how

Em
Before I let you go,

Bm
The world I used to know

Em **Gb** **B**
You gave me all the hope I need

E
Goodbye my love until we meet again

B **Bm** **Em**
I know that you must go it's not the end

E **B** **Em**
May happiness be yours along the way

B
And where you go may love be yours each day

B **Bm** **Em**
My love I know you have to say farewell

E **B** **Em**
I'll be alright now I know time will tell

E **B** **Em**
One day you will return I don't know when

E **B** **Em**
Goodbye my love until we meet again

E **B** **Em**
Goodbye my love until we meet again

One day you will return I don't know when

Goodbye my love until we meet again

The light of spring comes soon

Beneath the snow a flower blooms

Before that time has dawned

I'll hold you in my arms

I know that you'll be back one day

Goodbye my love until we meet again

I know that you must go it's not the end

May happiness be yours along the way

And where you go may love be yours each day

My love I know you have to say farewell

I'll be alright now I know time will tell

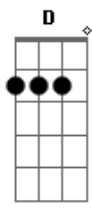

One day you will return I don't know when

Goodbye my love until we meet again

Goodbye my love until we meet again
