

Helene Fischer - Goodbye My Love

Tom: D

Goodbye My Love Helene Fischer
Intro: Bm Gb7

Bm Em
You turn and walk away
A7 D
The wind is cold, so cold today
Em
But I know that you'll return
Bm
It's one thing that I've learned
Em Gb
To listen to my heart when it believes
Bm Em
The night is endless now
A7 D
But I'll be strong, you showed me how
Em
Before I let you go,
Bm
The world I used to know
Em Gb B
You gave me all the hope I need
E
Goodbye my love until we meet again
B
I know that you must go it's not the end
Gb
May happiness be yours along the way
E B
And where you go may love be yours each day
E
My love I know you have to say farewell
B

I'll be alright now I know time will tell
Gb
One day you will return I don't know when
E Gb B
Goodbye my love until we meet again
Bm Em
The light of spring comes soon
A7 D
Beneath the snow a flower blooms
Em
Before that time has dawned
Bm
I'll hold you in my arms
Em Gb B
I know that you'll be back one day
E
Goodbye my love until we meet again
B
I know that you must go it's not the end
Gb
May happiness be yours along the way
E B
And where you go may love be yours each day
E
My love I know you have to say farewell
B
I'll be alright now I know time will tell
Gb
One day you will return I don't know when
E Gb B
Goodbye my love until we meet again
E Gb B
Goodbye my love until we meet again
