

# Helene Fischer - You Let Me Shine

tom:  
Capo: 2ª casa  
Intro: E A E A

We flew just like two birds up to the stars  
As we left it all behind  
We were lost inside the climb  
It wasn't what I planned on from the start  
So afraid to give my all  
But you came over me like thunder  
You showed me what I have deep inside

You let me shine the way I am  
Let me be because you seem to understand  
I'll stay right here  
So free, 'cause I  
I can cry, I can laugh  
And I'll never have to mask  
The way I am, you let me shine

I say exactly how I think it is  
Speak the truth and go my way  
Not afraid to make mistakes  
I want the world to be a better place

In my heart, through my eyes  
Honesty, no compromise  
You let me see that I'm a dreamer  
You show me what I have deep inside  
You let me shine the way I am  
Let me be because you seem to understand  
I'll stay right here  
So free, 'cause I  
I can cry, I can laugh  
And I'll never have to mask  
The way I am, you let me shine  
You'll never have to worry

You let me shine the way I am  
Let me be because I know you understand  
I'll stay right here  
So free, 'cause I  
I can cry, I can laugh  
And I'll never have to mask  
The way I am, you let me shine  
The way I am, you let me shine  
Aah, let me shine - you let me shine
