

# Hello Stranger - Ovation

tom:  
 Capotraste na 4ª casa  
 Intro: Am C F E  
 Am C F E

We've buried the past if my memory serves right  
 Our light dispossessed, but this too must collide  
 Ovation  
 Ovation, civilization

The clearer I see you the farther you seem  
 Illuminations through her cracked mobile screen  
 Ovation  
 Ovation, civilization

Ooo, there's no fire burning  
 But somebody called me away  
 Ooo, there're no righteous among us  
 But nobody called them away  
 Nobody called them away  
 Nobody called them away

They want you to touch it to know that you can't

We're raised by the future with no promised land  
 Ovation  
 Ovation, civilization

Humanity's children stalk through the dark aisles  
 And any judge above us would have called a mistrial  
 Ovation  
 Ovation, civilization

Ooo, there's no fire burning  
 But somebody called me away  
 Ooo, there're no righteous among us  
 But nobody called them away  
 Nobody called them away  
 Nobody called them away

 ( Am C D Em Am )

Ooo, there's no fire burning  
 But somebody called me away  
 Ooo, there're no righteous among us  
 But nobody called them away  
 Nobody called them away  
 Nobody called them away
