

# Helluva Boss - Just Look My Way

tom: G [Intro] Ebm Db B Bb

[Primeira Parte]

It is expected Ebm  
An oath by blood to hold the tome Db  
And the starlight passes overhead B  
Fuels all the skills I've honed Bb  
I am a guardian Ebm  
A watcher of these ancient rites Db  
Yet I find myself drawn from that path B  
On those dazzling moonlit nights Bb

[Pré-Refrão]

Let me hold you B  
Keep you close to me Gb  
I long to hear your voice B  
But dearest Bb  
I know better now I must give you this choice

[Refrão]

I can give you everything you need Ebm  
Or do you want to hear me plead? Bbm  
Just look my way B  
Just look my way Bb  
Is there something more that I don't know Ebm  
That you won't say till we've both grown cold? Bbm  
Just say B  
Please stay Bb  
Look my way Ebm

[Segunda Parte]

This unspoken contract Ebm  
A deed we forged for mutual gain Db  
If that's all this was when you're not here B

What is this rooted pain? Bb  
I don't care that you're of lower station B  
Or primed to sate my dark temptations Gb  
Why can't you understand? B  
Let me explain Bb

[Pré-Refrão]

And I'm terrified B  
As I cry Gb  
To make this feelings true B  
What's left for me and my broken heart Bb  
If I cannot have you? Bb

[Ponte]

Unless its me? Abm  
And no matter what in this world I could give Ebm  
Its not enough Db  
To get through the walls you've conjured up to live? Gb  
Is this what you feel Abm  
Scorned by a realm that cannot comprehend Ebm  
What you are B  
So I'll grant you this mercy, this bind, on Ebm  
Our souls Bb  
Needs to end

[Refrão]

I will try to make amends Bbm  
For making you means to an end Fm  
So look my way Gb  
Please look my way F  
And if there's something more that I don't know? Bbm  
I'll save us both before we grow cold Fm  
If you'll stay Gb  
And just say F  
Look my way Bbm
