

# Hey Violet - Pure

Tom: D

Intro:

E G Em Bm  
E G Em Bm

[Verse 1]

Puppet on a string

I can't control myself

Can't control myself with you

I crawl out of my skin

Things I'll tell no one else

Things I'll show no one else but you

[Pre-Chorus]

Every door is open but my toy box

And now I've started I cannot stop

Puppet on a string, like I don't know myself, I only know myself with you

[Chorus]

Take my pure, and wash it all away, wash it all away some more

Take my pure and wash it all away, wash it all away till I'm cured

Take my pure

Take my pure

[Verse 2]

Puppet on a string

I can't control myself

Can't control myself with you

I crawl out of my skin

Things I'll tell no one else

Things I'll show no one else but you

[Pre-Chorus]

Every door is open but my toy box

And take my high and leave me unlocked

Puppet on a string, you claw me back to life, boy, I'm forever tied to you

[Chorus]

Take my pure, and wash it all away, wash it all away some more

Take my pure and wash it all away, wash it all away till I'm cured

Take my pure

Take my pure

Take my pure, and wash it all away, wash it all away some more

Take my pure and wash it all away, wash it all away till I'm cured

Take my pure

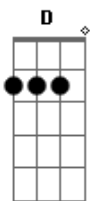

Take my pure

[Outro]

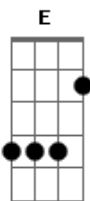

E G Em Bm (4x)

End on E
