

## **Hey Violet - Pure**

```
Tom: D
                                                             I can't control myself
Intro:
                                                                  Em
                                                             Can't control myself with you
F G Fm Bm
E G Em Bm
                                                             I crawl out of my skin
[Verse 1]
                                                             Things I'll tell no one else
                                                                             Fm
          F
                                                             Things I'll show no one else but you
Puppet on a string
                                                             [Pre-Chorus]
I can't control myself
     Em
Can't control myself with you
                                                             Every door is open but my toy box
I crawl out of my skin
                                                             And take my high and leave me unlocked
Things I'll tell no one else
                                                            Puppet on a string, you claw me back to life, boy, I'm forever
                Em
Things I'll show no one else but you
                                                             tied to you
[Pre-Chorus]
                                                             [Chorus]
                                                                    F
                                                                                               Em
Every door is open but my toy box
                                                             Take my pure, and wash it all away, wash it all away some more
 Em
                                                                    E G
                                                                                              Em
And now I've started I cannot stop
                                                             Take my pure and wash it all away, wash it all away till I'm
                                                             cured
                                                                    E G Em Bm
Puppet on a string, like I don't know myself, I only know
                                                             Take my pure
myself with you
                                                                E G Em Bm
                                                             Take my pure
[Chorus]
                                                                              G
                                                                                               Em
                                                            Take my pure, and wash it all away, wash it all away some more
Take my pure, and wash it all away, wash it all away some more
                                                                  E G
                                                                                              Em
                                                          D Take my pure and wash it all away, wash it all away till I'm
                G
                                 Fm
Take my pure and wash it all away, wash it all away till I'm
                                                             cured
                                                                    E G Em Bm
       E G Em Bm
                                                             Take my pure
                                                                E G Em Bm
Take my pure
      E G Em Bm
                                                             Take my pure
Take my pure
                                                             [Outro]
[Verse 2]
                                                             E G Em Bm (4x)
                                                             End on E
Puppet on a string
```
