tom:

Intro: G Em C Am

I've been waiting for this moment
It's a start of something great
And a chance to turn the page
It's my year I'm gonna own it
Gonna take more care of me put my self first
'Cause I deserve to be

Hanging 'round the fire when it starts to snow
Bumping into someone under mistletoe
I can't wait to see what the future holds
All around I'm feeling it I'm feeling it

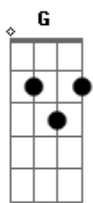

There's something in the air
About to go off right now
Line up all around
I feel it coming something in the air
A time to look forward to
Get ready for something new
I feel it coming som' thing in the air
Something in the air

(C Am)

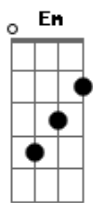

Gettin' comfy in my onesie yeah
Let's kick back and take a break
I hope we're snowed in every day
There's not time to relax
Got moves to make got ground to break
Get the reindeer out the way
I'm gonna make this season's sleigh

The ending of beginning of another year
Takin' in the memories that we've made right here
The trees goin' up
