

# Highly Suspect - Lydia

Tom: D  
Intro: Gbm Ab A B A Ab

Black ocean cold and dark  
I am the hungry shark fast and merciless  
But the only girl that could talk to him  
just couldn't swim  
Tell me what's worse than this  
And it echoes in the halls  
They danced along the walls  
The memories of your ghost  
You are the one that I used to love  
And I'm still in love but I've never love you the most

I've seen better days  
So unafraid in my youth  
I can't breathe much less believe

You gave me everything you had  
Every little thing you had  
A pure love unrehearsed  
I've seen your best and worst  
And at your worst you're still the best  
But at my best I am the worst  
N.C.  
It's a curse

Your eyes are lined in pain  
Black tears don't hide in rain  
And I tied you to the tracks

When I turned around I heard the sound  
I hit the ground I know there's no turning back  
I've seen better days  
So unafraid in my youth  
I can't breathe much less believe the truth  
Better days so unafraid in my youth  
I can't breathe much less believe the truth

Black ocean cold and dark  
I am the hungry shark fast and merciless  
But the only girl that could talk to him  
just couldn't swim

Tell me what's worse than this  
What's worse is all the coke  
The ice it numbs my throat if only for the night  
My muscles will contract your bones will crack  
It's just a fact cause I am here to win this fight  
I can't fucking breathe much less believe the truth  
I pick up a gun aim for the sun and shoot  
Better days so unafraid in my youth  
I can't breathe or believe the truth

Your eyes are lined in pain  
Black tears don't hide in rain  
And I tied you to the tracks  
When I turned around I heard that sound
