Tom: C

apotraste na 1ª casa C Em D A  
 I've been watching the phases of the moon  
 From my window pane C Em D Bm A  
 I've been talking to to corners of the room  
 For too long, too long C Em D Bm A  
 Meet you when my heart was somewhere else  
 Outside in the rain C Em D Bm A  
 Saw you smiling, the stories you could tell  
 Have you moved on, moved on?  
 It's so hard to get a cab in midnight on Friday  
 Where you going? Downtown, So am I  
 Sit right here where it's dry And if said you're going my way  
 Well maybe we should share a ride

C D Em D C  
 I could feel my heartbeat Electric to my fingertips Oh woah  
 oh  
 C D Em D C  
 I could feel anticipation Through my veins Oh woah oh  
 C D Em D  
 I can almost feel the weight of your kiss on my lips  
 Em D C  
 Cause anything could happen on a night like this On a night  
 like this

C Em D A  
 Wouldn't mind if we caught every red light  
 C Em D Bm  
 You're someone I can get close to  
 C Em D A  
 You're a stranger but there's something in your eyes  
 C Em D Bm  
 Like you know me Could I know you?

C Em D A  
 Well I never fell in love at midnight on Friday  
 C Em D Bm  
 Standing outside Of town In the rain  
 C Em D A  
 Well this night is almost over But if I had it my way  
 C Em D Bm  
 We would just stay up all night

C D Em D C  
 I could feel my heartbeat Electric to my fingertips Oh woah  
 oh  
 C D Em D C  
 I could feel anticipation Through my veins Oh woah oh  
 C D Em D  
 I can almost feel the weight of your kiss on my lips  
 C D C  
 Cause anything could happen on a night like this On a night  
 like this

Am C Em D  
 Our hands fit just the right way Our legs tangled up in this  
 small space  
 Am C Em D  
 The world outside feels far away As I get to know you

C D Em D C  
 I could feel my heartbeat Electric to my fingertips Oh woah  
 oh  
 C D Em D C  
 I could feel anticipation Through my veins Oh woah oh  
 C D Em D  
 I can almost feel the weight of your kiss on my lips  
 C D C  
 Cause anything could happen on a night like this On a night  
 like this

C D Em D  
 Oh woah oh Oh woah oh  
 C D  
 Anything could happen on a night like this  
 Em D C  
 On a night like this  
 C D Em D C  
 On a night like this On a night like this
