

Hilary Duff - Night Like This (feat. Kendall Schmidt)

Tom: C

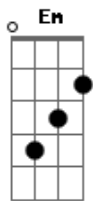

apotraste na 1ª casa C Em D A
 I've been watching the phases of the moon
 From my window pane C Em D Bm
 I've been talking to to corners of the room C Em D A
 For too long, too long C Em D A
 Meet you when my heart was somewhere else C Em D Bm
 Outside in the rain C Em D A
 Saw you smiling, the stories you could tell C Em D Bm
 Have you moved on, moved on? C Em D A
 It's so hard to get a cab in midnight on Friday C Em D Bm
 Where you going? Downtown, So am I C Em D A
 Sit right here where it's dry And if said you're going my way C Em D Bm
 Well maybe we should share a ride C D Em D C
 I could feel my heartbeat Electric to my fingertips Oh woah oh C D Em D C
 I could feel anticipation Through my veins Oh woah oh C D Em D
 I can almost feel the weight of your kiss on my lips Em D C
 Cause anything could happen on a night like this On a night like this C Em D A
 Wouldn't mind if we caught every red light C Em D Bm
 You're someone I can get close to C Em D A
 You're a stranger but there's something in your eyes C Em D Bm
 Like you know me Could I know you?

Well I never fell in love at midnight on Friday C Em D A
 Standing outside Of town In the rain C Em D Bm
 Well this night is almost over But if I had it my way C Em D A
 We would just stay up all night C Em D Bm
 I could feel my heartbeat Electric to my fingertips Oh woah oh C D Em D C
 I could feel anticipation Through my veins Oh woah oh C D Em D C
 I can almost feel the weight of your kiss on my lips C D Em D
 Cause anything could happen on a night like this On a night like this C
 Em D C
 Our hands fit just the right way Our legs tangled up in this small space Am C Em D
 The world outside feels far away As I get to know you Am C Em D
 I could feel my heartbeat Electric to my fingertips Oh woah oh C D Em D C
 I could feel anticipation Through my veins Oh woah oh C D Em D C
 I can almost feel the weight of your kiss on my lips C D Em D
 Cause anything could happen on a night like this On a night like this Em D C
 Oh woah oh Oh woah oh C D Em D
 Anything could happen on a night like this C D Em D C
 On a night like this C D Em D C
 On a night like this On a night like this C D Em D C
