

Hillsong United - Greatest Of These

Tom: E

I could chase after greatness
 First to fall on my knees
 Lose myself to be found where You want me
 I could do all the right things
 Sing the words till they bleed
 But I know it's just noise
 If I don't have love

So I won't waste my breath if it's not for love
 I don't have the heart if it's not for love
 Don't let me say it's faith if it counts no cost
 'Cause there's no fear in love, but there is a cross

I could speak like the angels
 Prophecy, knowing all
 I could live with the faith to move mountains
 And should I die like a martyr
 Give my wealth to the poor

It would all scream loud-nothing if I don't have love

So I won't waste my breath if it's not for love
 I don't have the heart if it's not for love
 Don't let me say it's faith if it counts no cost
 'Cause there's no fear in love, but there is a cross

Be patient, be kind
 Hold no envy or pride
 Be the first to come last
 For a - nother
 Never forced, slow to anger
 Trust without keeping score
 Long to suffer with truth
 Love will never die

Oh, I won't waste my breath if it's not for love
 I don't have the heart if it's not for love
 Don't let me say it's faith if it counts no cost
 'Cause there's no fear in love, but there is a cross
 Love will never die, but there is a cross
