

# Hillsong United - Nothing Like Your Love

Tom: A

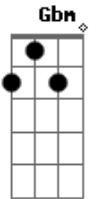

Love unchanging  
 God Your mercy never fades  
 And I'm surrounded  
 By Your compassion and Your grace  
 Your love  
 Brighter than the sun  
 More beautiful than words could ever say  
 This endless light  
 Shining over all  
 It leads me to Your glory everlasting  
 In Your kindness  
 For the broken and the lost

You gave Your only Son  
 To bear my shame upon the cross  
 Your love  
 Brighter than the sun  
 More beautiful than words could ever say  
 This endless light  
 Shining over all  
 It leads me to Your glory everlasting  
 Interludio: A A Gbm E D  
 Your love amazing  
 Fills my heart and I sing out  
 There is none like You  
 There is nothing like Your love
