

Hillsong United - You Reign

Tom: A
Intro: A Gbm D E

What can stand before you
As you chose to embrace
A cross so undeserved you took for me
The weight of sin upon you
When you offered your life
As you walked the streets, a man with fading strength

How could we live
But not see
Your sacrifice, your glory

You Reign, You Reign
Over everything Lord, You reign
with power and justice divine
Over everything Lord, You reign

What was your last thought (word)

As you drew your last breath
Where the victory was yours for us to see
And all will know the truth
As we live by your grace
Every praise to You, Oh Lord (alone)

See now, the king of glory
Love of God, Become my calling
Father, I surrender
All I am, to You forever

You Reign, You Reign
Over everything Lord, You reign
with power and justice divine
Over everything Lord, You reign
Over everything Lord, You reign
