Words like violence
Break the silence
Come crashing in
Into my little world
Gbm
Painful to me
Pierce right through me
                                                                All I ever wanted
Can't you understand?
