

# Hinder - Without You

Tom: G

G  
I just wanna be alone tonight  
A  
I just wanna take a little breather  
G  
Cause lately all we do is fight  
A  
And every time it cuts me deeper  
Bm  
Cause something's changed  
G  
You've been acting so strange  
A A  
And it's taking its toll on me  
Bm G A A  
It's safe to say that I'm ready to let you leave

Chorus:

D A G  
Without you, I live it up a little more everyday  
D A G  
Without you, I'm seeing myself so differently  
D A  
I didn't wanna believe it then  
Bm G  
But it all worked out in the end  
A  
When I watched you walk away  
Bm  
Well I never thought I'd say  
C  
I'm fine  
G D A  
Without you

G  
Called you up cause it's been long enough  
A  
And you said that you were so much better  
G  
We have done a lot of growing up  
A  
We were never meant to be together

Bm  
Cause something changed,  
G  
You were acting so strange
