

Hinos Avulsos CCB - Escuta Na Comunhã

Tom: C

Listen in communion, what I will sing and play for your soul
 Like on the sky the sun lights up, your soul shines for the Lord, oh my dear sister,
 You kneel down unto the Lord and prayed, asking for a solution
 You said you would leave and couldn't carry your tribulation, couldn't handle your trial
 In a book I described your life, you were crying

An angel by your side that relieved your pain, all of this brought to me this song.
 So I say go, where ever you go I'll be with you
 I am an angel that God sent for you,
 For your protection I use the shield of love
 So I say go, where ever you'll be God will help you,
 I don't have powers, but God certainly does,
 God brought to me this song just to prove that he loves you.
