

Hippo Campus - Suicide Saturday

Tom: C

(com acordes na forma de G)

Capostrate na 5ª casa

I heard it told by her mother old,
 she could try, she could try it.
 With the power of tin and a bottle of gin,
 she was wise, she was wise to it.
 Cocked her father's gun, like the oldest son,
 she could try, she could try it.

Blessed by the bed where she laid her head and
 calmed to a dull roar

Oh
 It was a Suicide Saturday
 Oh
 In a summertime kind of way
 Oh
 It was a Suicide Saturday
 Oh
 In a summertime kind of way
