```

  F
                C
 Do what you want
            С
 Cause I'll do anything and
            CG
 I'll take the blame
              С
 What's mine is yours
                  C
 You can't have all of it
 C G
And I'll learn to beg
          С
                   G
All the boys on the radio
They crash and burn
                    G
They fold and fade so slow
                   C
      F
In your endless summer night
      G
I'll be on the other side
                        C
          F
When you're beautiful and dying
      С
All the world that you've denied
     F
                   С
When the water is too deep
        G
                                     F
                                           C
You can close your eyes and really sleep tonight
G
Tonight
              C
```

```
I want what's yours
F C
Oh I'd give anything
F C G
And I'll take the pain
```

: C I wait alone : C For what will never come : C G
