

Hole - Letter To God

Tom: C

C G
Dear God, I'm writing this letter to you

Dm
Cause I don't have a clue

C
Can you help me?

C
I'm sitting here simply trying to

G
figure out

Dm
What my life's all about

C
Can you tell me?

C G
I never wanted to be

Dm
The person you see

C
Can you tell who me I am?

G
I always wanted to die

Dm
But you kept me alive

C
Can you tell me who I am?

C G
I lie awake conducting this symphony

Dm
That you have gifted to me

C
But I can ever sleep

C
Don't be mad

G
but I get weak inside

Dm
And I start to fall apart

C
Cause I feel nothing

G
I never wanted to be

Dm
Some kind of comic relief

C
Please show me who I am

G
I've been tortured and scorned

Dm
Since the day that I was born

C
But I don't know who I am

G
And I thank you, man, for everything

Dm
Sorry I'm so frightened about all of this

C
But I wish I could give you more

G
And all the lights are shining down on me

Dm C
And I feel intimidated by it all

C G
I never wanted to be

Dm
the person you see

C
But thank you

G
Oh, God, please tell me now

C
Are you disappointed?

Dm
Are you proud?

C
Haven't I done everything, everything?

C G
I'm so sorry I'm so weak

Dm
And I'll turn into a freak

C
But I don't know anything, anything

C G
But I've lost all self esteem

Dm
From burying everything

C
And I feel nothing, nothing

C G
Oh, God, please tell me now

Dm
Oh, God, please tell me now

C
Cause I feel nothing

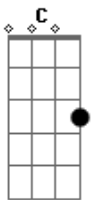

C
Oh dear God I'm writing this

G
letter to you

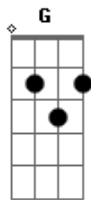

Dm
I am coming unglued

C
Please, help me
