

Hole - Letter To God

Tom: C

C Dear God, I'm writing this letter to you G
 Dm Cause I don't have a clue
 C Can you help me?
 C I'm sitting here simply trying to
 G figure out
 Dm What my life's all about
 C Can you tell me?
 C I never wanted to be G
 Dm The person you see
 C Can you tell who me I am?
 G I always wanted to die
 Dm But you kept me alive
 C Can you tell me who I am?
 C I lie awake conducting this symphony G
 Dm That you have gifted to me
 C But I can ever sleep
 C Don't be mad G
 but I get weak inside Dm
 And I start to fall apart C
 Cause I feel nothing G
 I never wanted to be Dm
 Some kind of comic relief C
 Please show me who I am G
 I've been tortured and scorned Dm
 Since the day that I was born C
 But I don't know who I am

G And I thank you, man, for everything
 Dm Sorry I'm so frightened about all of this
 C But I wish I could give you more
 G And all the lights are shining down on me
 Dm And I feel intimidated by it all C

C I never wanted to be G
 Dm the person you see
 C But thank you

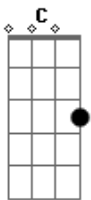

Oh, God, please tell me now G
 Are you disappointed?
 Dm Are you proud?
 C Haven't I done everything, everything?
 C I'm so sorry I'm so weak G
 Dm And I'll turn into a freak
 C But I don't know anything, anything

C But I've lost all self esteem G
 Dm From burying everything
 C And I feel nothing, nothing

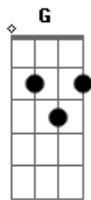

C Oh, God, please tell me now G
 Dm Oh, God, please tell me now
 C Cause I feel nothing

C Oh dear God I'm writing this
 G letter to you
 Dm I am coming unglued
 C Please, help me
