

Hole - Make Me Over

Tom: **D**

After watching the '98 MTV Awards many times, I changed the chorus around a bit.

Verse

"Oh make me over"

Keep these notes short, except for the last **Gb** before the chorus, which you should let ring.

Chorus

"Hey...so glad..."

Bridge

A When I wake up, in my makeup

A **D**
It's too early

Acordes

Gb

For that dress

A **D** **A** **D**
Wilted and faded, somewhere in hollywood

A **D**
I'm glad I came here

Gb
With your pound of flesh

The first two times through pick the chords like this:

The third & fourth times through just play normal chords. On the **F#**, jam on the distortion and head into the verse.

Outro:

It's just the same as the verse, but when Courtney sings "No I'm not selling cheap" (the last lyric), play **Gb** with a bit of tremolo, then play the main riff once again.
