Lyrics:

And I cry and no one can hear  
Inhale  
The blinded eyes that see  
The chaos  
Bring the pitiful to me  
Even though I'm wide-awake, I will,  
and blackest night and I wait for you  
It's cold in here there's no one left  
and I wait for you  
and nothing stops it happening  
and I knew  
I'd cherish all my misery alone

And I wait staring at the Northern Star  
I'm afraid it won't lead me anywhere,  
He's so cold  
He will ruin the world tonight  
All the angels kneel into the Northern Lights  
Kneel into the frozen lights

And they paid, I cry and cry for you  
Ghosts that haunt you with their sorrow  
I cried 'cause you were doomed  
Praying to the wound that swallows  
All that's cold and cruel  
Can you see the trees, charity And gratitude  
They run to the pines  
It's black in here, blot out the sun  
And run to the pines  
Our misery runs wild and free  
And I knew  
The fire and the ashes of his grace

And I wait staring at the Northern Star  
I'm afraid it won't lead you very far  
He's so cold  
He will win the world tonight  
All the angels kneel into the frozen lights  
Feel their hearts they're cold and white

And I want you  
And blessed are the broken  
And I beg you  
No loneliness, no misery is worth you  
Oh tear his heart out  
Cold as ice it's mine

And I wait praying to the Northern Star  
I'm afraid it won't lead you anywhere  
He's so cold,  
Raining on the world tonight  
All the angels kneeling to the Northern Lights  
And I pray begging to the Northern Star  
I'm afraid it won't lead you anywhere  
He's so cold  
He will rule the world tonight  
All the angels kneeling to the Northern Lights  
Kneeling to the frozen lights  
Feel their hearts they're cold as ice
