

Hole - Pacific Coast Highway

Tom: C

F C G
I knew a boy who came from the sea

G
He was the only boy who ever knew the truth about me

Am C
I'm overwhelmed and undersexed

G
Baby, what did you expect?

Am C
I'm overwrought and so disgraced

G
I'm too ashamed to show my face

C G F
And they're coming to take me away now

C G F
What I want I'll never have

G F Am
I'm on the pacific coast highway

G F Am
with your gun in my hand

F C G
I knew a boy who left me so ravaged

F C G
Do you even know the extent of the damage?

F C G

My dirty little secret died in between the sheets

F C G
and the promises that killed me from your eyes

Am C
I'm bloody and so tightly bound

G
I don't know what to do with my hands now

Am C
I surrender, I give in

G
I'll kick down your door if you don't let me in

C G F
And I've lost myself completely

C G F
I look to you my shooting star

G F Am
I'm on the Pacific Coast Highway

G F Am
My God, how did you fall so far?

F Am G
Your whole world is in my hands

F Am G
Your whole wide world is in my hands

F Am G
Your whole world is in my hands

F Am G
Your whole wide world is in my hands
