

Hollie Col - She Knows

tom:
 C
 She gave me a million ways to call her back Am
 And I gave her a million reasons to forget me Em
 Thoughts were always clear, words just weren't that easy Am
 Now you've got her body and I haven't been sleepin' lately Em
 I knew I had to go when she said she loved me C Am
 She's the one I'm saving, She's my rediscovery Em
 So I can't do this now, holding on for always C Am
 Then you came around when I thought she was holding on too Em
 F G C G
 You don't know me and you're holding onto all the things I love the most Am
 And now I'm asking politely, could you let her go? F G
 'Cause I can't see me falling in love with anybody else, C F G
 anybody else C F
 And you don't know her the way I do G
 And she knows it, I can tell, she knows it G
 Do I tell you she's been calling when you look away? C Am
 Should I tell you that she missed me?, Should I tell you she's afraid? Em
 Now I don't wanna ruin all the things you have C Am
 But she knows that I love her and my patience is wearing out Em
 F G C G
 Am

You don't know me and you're holding onto all the things I love the most
 And now I'm asking politely, could you let her go?
 'Cause I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell, she knows it, I can tell
 You don't know what it's like to find your love and lose her twice
 You don't know what it's like to find your love and lose her twice
 You might think that you've got time but she's not your love
 She's not your love, She's not your love
 I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell
 I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell, knows it, I can tell... No..No
 I can't see me falling in love with anybody else, anybody else
 And you don't know her the way I do
 And she knows it, I can tell, knows it, I can tell
 She knows it, knows it, knows it, I can tell
