

Hollyn - Steady Me

Tom: D

Bm Em A
 Got all these emotions, don't know how to feel
 D
 Sometimes it's like I'm living on a ferries wheel
 Bm Em A
 Torn between the fiction and what is real
 D
 Oh, oh
 Bm Em A
 I hear you whisper to me to give you all control
 D
 Some days it's harder for me just to let it go
 Bm Em A
 I just need to step out and step into your flow
 D
 Oh, oh

Bm Em
 No matter what the pressure, pressure
 A D
 You will always be the answer, answer
 Bm
 Only you know how to steady me
 Em A D
 Ready my heart for everything that's coming my way
 Bm
 Help me trust that you're ahead of me
 Em A D
 Going before my feet with every step I take
 Bm Em
 Only you can calm a storm
 A D
 And only you can restore me when I'm worn
 Bm Em A D
 You steady me, only you can steady me, steady me, me
 Bm Em A
 Everybody wants to tell me what I need to do
 D
 The only one I need to be listening to is you
 Bm Em A
 So I'ma take your hand and I'ma let you lead me through
 D
 Oh
 Bm Em
 No matter what the pressure, pressure
 A D
 You will always be the answer, answer

Bm
 Only you know how to steady me
 Em A D
 Ready my heart for everything that's coming my way
 Bm
 Help me trust that you're ahead of me
 Em A D
 Going before my feet with every step I take

 G
 My energy gone too
 I'm feeling like I'm through

 These problems weighing me down
 Bm
 So I'm trusting all in you

 I'm serving you until the death of me
 A Bm
 Even if my light gets dim I know he's there for me
 G
 I just put this in your hands and it's finished, oh
 A Bm
 And you never let me down, so I know we winning, oh
 G
 And only you can keep me calm
 Only you can see me through
 A
 Only you can set me free
 Cause
 Bm
 Only you know how to steady me

 Ready my heart for everything that's coming my way
