

Hollyn - To The Moon

tom:

Intro: **Dbm Bm Bb**

[Primeira Parte]

I met you on a Monday, time froze
 I could feel the earth move, ooh
 Baby, me and you could be unstoppable, yeah
 Takin' on the world, mm-mm

[Refrão]

There's somethin' special goin' on
 Do you feel it too-oo-oo?
 I'm not playin' games
 But I could feel the flames
 Here we go, yeah

If we could find a way to put this heat in a balloon
 It could take us to the Moon and back
 If we could find a way to put this heat in a balloon
 It could take us to the Moon and back (and back)

[Segunda Parte]

I just wanna hold your hand, oh
 And I just wanna make you laugh, baby
 And I just wanna make you smile that smile
 That gets to me every time (gets to me every time)
